

Adult Services Project

Are you over 18? Were you born with a cleft lip and/or palate?

There are over 72,000 adults born with a cleft lip and/or palate living in the United Kingdom today.

The **Cleft Lip and Palate Association (CLAPA)** wants to understand the unique challenges and experiences facing these adults, and to develop support services tailored to meet their needs.

This summer, CLAPA will be asking adults who were born with a cleft across the UK to complete a **comprehensive survey** about your experiences – everything from your medical journey, work choices, mental health, living status to dating and relationships and more – to learn what is going well and what we can help with!

Don't miss out – make sure you're signed up to receive the survey!

For more information, please contact kenny.ardouin@clapa.com, call 0207 833 4883 or visit www.clapa.com/adults-survey/ to find out more.
