Scope

This policy applies to all staff, trustees and volunteers, including young volunteers working for or on behalf of CLAPA.

Legal Framework

This policy is based on legislation, policy and guidance that seeks to protect children in England, Northern Ireland, Scotland and Wales.

Definitions

Safeguarding means protecting a person's right to live in safety, free from abuse and neglect.

Definition of a child/young person

In England, Northern Ireland and Wales, a child is someone who has not yet reached their 18th birthday. In Scotland, a child is somebody under the age of 16.

Definition of an adult at risk

The legal definition of the term “adult at risk” refers to any person aged 18 years and over (16 in Scotland) who: has needs for care and support and;

- is experiencing, or is at risk of, abuse and neglect and;
- as a result of those care needs is unable to protect themselves from either the risk of, or the experience of, abuse and neglect.

Overarching principles of safeguarding adults

1. **Empowerment:** Personalisation and the presumption of person-led decisions and informed consent.
2. **Prevention:** It is better to take action before harm occurs.
3. **Proportionality:** Proportionate and least intrusive response appropriate to the risk presented.
4. **Protection:** Support and representation for those in greatest need.
5. **Partnership:** Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse
6. **Accountability:** Accountability and transparency in delivering safeguarding.

Responsibility

All staff, volunteers and trustees are responsible for recognising abuse and following CLAPA procedures to provide protection to children, young people and adults who access CLAPA’s services.
